Subject: New IREP Guidelines on Posts and Comments on EMRAN WhatsApp Platforms

IREP has observed that postings and comments on EMRAN WhatsApp platforms have, at times, become charged and divisive, particularly when they touch on political matters. To ensure that the platforms remain respectful, inclusive, and positively engaging, the Panel have come up with new guidelines on topics that are permitted on all EMRAN WhatsApp Platforms. These include only the following:

1. Members' events (birthdays, graduations, etc)
2. Health & wellness (fitness, nutrition, preventive care, sharing of members' wellness activities as individuals or groups)
3. Mental wellness and cognitive exercises
4. Lifelong learning (books, new skills, technology use)
5. Home & lifestyle (maintenance, gardening, organization)
6. Financial literacy (budgeting, pensions, fraud awareness)
7. Food & nutrition (recipes, traditional dishes, preservation)
8. Travel & leisure (experiences, destinations, staycations)
9. Entertainment & culture (sports, music, movies)
10. Family & relationships (grandparenting, communication, values)
11. Hobbies & crafts (art, writing, collections)
12. Community & social impact (mentorship, volunteering)
13. Retirement living (routine, purpose, housing choices)
14. Group activities (quizzes, photo sharing, celebrations)

Members are please advised to avoid political, religious or ethnically sensitive posts and comments on EMRAN WhatsApp platforms. Offences and penalties will be strictly administered by IREP according to its rules, herewith attached.

The first step in the disciplinary process shall be the deletion of the offending post. Any member dissatisfied with such deletion should contact the Chief Whip or the Secretary of IREP via direct message, and not on the platform. Any complaints or discussions regarding such deletions posted on the platform will also be removed.

For the avoidance of doubt, "political posts" include any content relating to government, public policy, or political actors—whether local or international, and whether positive or negative in tone. The intent is to ensure that all shared content remains aligned with the approved topics and is primarily social, personal, or group-oriented in nature.

Your full cooperation is hereby solicited.

Truly Yours

Jerome Tsakama

Chief Whip, IREP

Wale Ogunbanjo

Secretary, IREP
